

I listen to my local KLOVE station everyday. My whole family listens to it. I am writing to tell you that this radio station is like NO other on the airwaves. It serves me everyday with encouragement and as a mother of 3 I am in the car a lot during the day, not much free time, but KLOVE lets me praise GOD everytime I am in the car.

I have noticed around Duncan (my community) that I hear KLOVE being played in the background in several business in town. What a blessing! I pray that you don't change anything about KLOVE. There are so many people that receive abundant blessings from this station everyday! Many have accepted Christ as their Saviour and in turn been giving eternal life. What other station on the radio can do this? There isn't one. If I don't have KLOVE, my family won't be listening to other stations. Too many things to worry about them hearing, sex used in commercials, wet t-shirt contests, ladies night invit at local bars, etc...I praise God for KLOVE and it's staff. Please don't ruin a WONDERFUL thing!!

In His Love,
Stacy McGough
